Dear Parents

As part of the school's continued support of promoting e-Safety, parents are encouraged to read the leaflet attached with this letter.

The leaflet contains useful suggestions for how to keep your child safe while on the internet and appropriate use of the internet. This especially includes use of chat rooms and social networks where anyone could gain access to identifiable information about our children if anyone publically posts a careless message.

Although there can be advantages of using social networks the safety of the children is paramount.

Please make sure you know which sites your children has access to and monitor their internet use. Ensure you have safe search blocks enabled so that inappropriate sites cannot be accessed.

If you have any e-safety concerns, please contact us and we can advise you on the best way forward.

Yours sincerely

Mrs E Blanden
Headteacher
