

INTRODUCING Our Reading Suitcases

We are delighted to share with you our new initiative to inspire reading at home. Each and every child will be able to take home the suitcase to share and read books with the family. There are also books for adults to read so you can share your own love of reading with your child.

The suitcase will go home with one child from every class on a Friday and please return it on the following Thursday for the next child.

In the suitcase you will find out how to look after the books and the special reading buddy.

Enjoy reading and sharing books together and please look after your reading buddy and books.
